

Modular Haunted Mansion

[illegible]

A 3D render of a low-poly 'Explorer Kit' set against a dark grey background. The kit includes a red and tan off-road vehicle (jeep) with a spare tire on the back. Two characters stand next to it: a woman in a dark grey and orange outfit, and a man in a tan and grey military-style uniform. In front of them are various exploration items: a large tan chest, a golden compass, a brown hat, a white hat, a tan hat, a map, a small white bag, binoculars, a handgun, a long rifle, a pickaxe, a knife, a coiled rope, a green loop, a brown bag, and a rolled-up map. The scene is lit from the top left, casting soft shadows. A yellow banner at the bottom contains the 'POLYGON' logo (a stylized 'P' in a hexagon) and the text 'POLYGON EXPLORER KIT'. A red '3D' badge is in the top left corner.
